

Gentleness

A gentle answer
turns away wrath,
but a harsh word
stirs up anger.

Proverbs 15:1

Always
be gentle
toward
everyone.
Titus 3:2

Going deeper:

1. Who do you need to ask forgiveness from for using harsh words instead of gentle words? Humble yourself and have a tough conversation today.
2. Draw a raspberry and write in the different circles words that you relate with gentleness. Think about how you have to handle different fruits gently, and apply this to your everyday life.
3. Illustrate Ephesians 4:2-3.
4. When do you need gentleness the most? Write a prayer, asking God to produce gentleness in you during those moments.
